

Building & Engineering Services Association

Indepth MD heads B&ES Ventilation Hygiene branch

Richard Norman, managing director of Indepth Hygiene, has been appointed chairman of the B&ES (Building and Engineering Services Association) Ventilation Hygiene branch.

Norman, who has been MD of the specialist ventilation cleaning services provider for over 10 years, will hold the post for two years.

He says: "My focus will be on raising awareness of the imminent TR19 launch to ensure all relevant stakeholders are fully aware of the changes and what they mean for the industry.

"In addition, I will be concentrating on ventilation hygiene related issues whether new cleaning techniques and equipment, or duct cleaning specific, health & safety issues."

Norman holds qualifications from the Institute of Chartered Secretaries and Administrators, and the Chartered Institute of Marketing.

Norman is currently part of the team undertaking a revamp of TR19, and, on behalf of the UK industry and is has been appointed to the CEN Committee which is now adding grease extract cleaning to the European ISO BS EN 15780 Ventilation for Buildings – Ductwork – Cleanliness of Ventilation Systems standard.
